Springwrap

Tree Trunk protector

Springwrap™ is a coiled cylinder that easily wraps around young tree trunks for protection.

Springwrap

Simply pull open, position & the guard re-coils back into shape around the tree when released.

SPRINGWRAP™ is made from high density polyethylene for long life and chemical resistance.

SPRINGWRAP300	300mm long	200qty
SPRINGWRAP400	400mm long	200qty
SPRINGWRAP450	450mm long	200qty
SPRINGWRAP500	500mm long	200qty
SPRINGWRAP600	600mm long	200qty
SPRINGWRAP900	900mm long	200qty

Benefits

- Protects young tree trunks from vermin & herbicide
- Suppresses lateral growth
- Encourages straight trunk growth
- Quick & easy to install
- Expands with trunk growth
- Ideal for olives, citrus, mangoes, macadamia, almonds & other crop trees
- Long lasting UV stabilised polyethylene
- Easy to remove and re-use
