

Green Ahead

Pre-Season Revegetation Deals[^]

Plant more for less with these pre-season deals!

JutePRO ThickMat

JutePro Thick is Global Green's robust weed and erosion control geotextile blanket made from natural Jute fibres. Jute (*Corchorus* spp.) is a plant found on the sub-continent and sustainably farmed.

Our superior grade of jute fibre is cleaner and improves the tensile strength of the matting, improving its performance on steep embankments and in storm events. Being denser, it provides good weed suppression, erosion control and moisture retention for better plant establishment and survival.

CODE	Description	Qty/pack	Unit price*
JUTEPROTM750S	JutePro Thick-mat Roll - slit 1.83 wide x 25m long (45.75m ²) Weight 750gsm	1	\$109.80
