Bio Carton Series

Biodegradable tree protection

SUSTAINABLE RANGE

Global Green's new revolutionary biodegradable milk carton style tree guards are made from unbleached paper and deliver the same protection as traditional white milk carton guards without harming the environment.

Product Specifications

BIO30W	300mm tall × 95mm sides Standard protection for seedlings	250pk
BIO45W	450mm tall × 95mm sides Extended height protection	250pk

Key Environmental Features:

- **Unbleached Paper:** Reduces chemical treatment in manufacturing
- **Biodegradable coating:** Coating breaks down naturally over time
- **Birds of Prey Print:** Natural deterrent design on guard surface
- **Zero Waste:** Completely biodegradable unlike standard white cartons
- **Same Performance:** Delivers identical protection to white milk carton guards

The Environmental Advantage:

Standard white carton tree guards are mostly coated with non-biodegradable plastic that persist in the environment, Global Greens Bio guards are fully biodegradable with no long-term waste.

Perfect Applications:

Ideal for low-cost plantings where there is minimal browsing pressure.

Perfect for environmental restoration projects, community plantings, eco-conscious landscape plantings and sustainable forestry programs.
